**2010
PARTNERSHIP
PROGRAM**

**Building Business Relationships
With
Building Owners and Managers**

The Building Owners and Managers Association of Orlando (BOMA Orlando) is the premier professional commercial real estate organization in the Central Florida area. Most of the principal members of BOMA Orlando are property or facility managers directly involved in the operations and operational needs of the properties they manage.

BOMA Orlando represents five International TOBY (The Outstanding Building of the Year) Awards in several categories.

When looking at the commercial real estate industry in Orlando it is important to note that BOMA Orlando represents a significant segment of the market. More importantly, members of BOMA Orlando are generally more educated about asset management and operational property management than non-members. This translates into a more educated consumer in the marketplace.

BOMA Orlando represents not only a majority of the market for operational expenditures for commercial property in Orlando, but also better consumers of services related to the operations of commercial property.
